# GLG30203 / 30303(Y) / 36303(Y)

## 30&36-inch Tri-Ring Series Glass Cooktop

# Main Features

### 18,000 BTU High-Heat Tri-Ring Burner

Dual 18,000 BTU main burners deliver roaring heat for fast stir-frying and quick boiling, while staying precise at a gentle simmer. The concentric tri-ring flame spreads heat evenly across the pan bottom for uniform searing, and ultra-high thermal efficiency keeps every bit of that heat in the pan.

### Independent Timers on Left & Center Burners

The left and center burners run independent timers for up to 3 hours, so soups and braises cook unattended. The flame shuts off automatically when time is up — heat and timing under control at once.

### Lightweight, Easy-to-Clean Design

Each burner has its own pan support that lifts out with one hand and goes straight into the dishwasher. The stainless-steel enamel coating resists heat, corrosion and rust, while the oil- and stain-resistant moonshadow glass surface wipes clean in a single pass.

### Multi-Layer Safety System

Precision brass burners are built to handle frequent, high-intensity cooking, backed by premium anti-burst aluminum panels and multiple insulation layers. If the flame fails or power is lost mid-cook, the gas supply is cut off automatically.

### More Thoughtful Details

SynCook™ *links cooktop and hood — ignition starts extraction automatically. The optimized burner layout leaves room for several pots at once, knobs must be pressed in before turning to prevent accidental activation, and the series comes in 2- or 3-burner, 30" or 36", in black or moonshadow grey.

*This feature is available on GLG30303(Y) and GLG36303(Y) with any FOTILE range hood that features Sync Connect.

# Specifications

| Style and Design | Model:GLG30203 |
|---|---|
| Panel Material | Tempered glass |
| Color | Black |
| Number of Burners | 2 |
| Grate Material | Stainless Steel with Coating |
| Burner Material | Aluminium & Brass |
| Knob Material | Zinc alloy |
| Burner Type | Sealed |
| Burner Interval | Left center to right center：17 3/8" |
