

36" Built-In Custom Panel French Door

Benchmark® Series – Custom Panel B36IT905NP

BOSCH
Invented for life

B36IT905NP
Custom Panel

The 36" Custom Panel French door built-in refrigerator works efficiently to keep food fresh longer, and prevent the transfer of flavors and odors.

Features & Benefits

Remotely monitor and control your refrigerator with the Home Connect™ app.

Bright LED lighting illuminates the entire interior.

Dual evaporators prevent odor transfer and optimize freshness.

Optiflex® hinge allows for flush-mount doors, without damaging surrounding cabinetry.

ENERGY STAR® qualified for energy efficiency.

Installation Details

HEATKITB80 Heater Kit

When two appliances are installed side-by-side a sealing kit must be used. For combinations that involve a freezer column, this kit is included. For all other (non-traditional, i.e. two bottom freezers) side-by-side combinations or instances where any appliances are installed less than 6" (152 mm) apart from one another but not connected side-by-side, purchase this kit. This kit is also recommended for use with any installation in areas that are subject to humidity, or located next to an outside wall.

IMPORTANT: Handleless Panels should not be installed on units without the soft close capability. If you are uncertain if you have a refrigeration unit with soft close capability please contact our customer team by calling 1-800-944-2904.
